OBSERVATION
ELEVATOR

伟达的观光电梯是将V8客梯的轿厢形状加以改变而来，具备客梯的所有先进功能。在安装位置上分为室外封闭型和室内开放型两种。在布置方案上我们也可以做无机房的设计，所以适用于新建筑的井道，也可以配合老建筑的原有井道或改造井道。

观光电梯轿厢的形状可以根据建筑物的外观而选配，通常有方形、菱形、圆形等，我们也可以根据大厦业主个性化的要求而作特别设计。

WT observation elevator is transformed from V8 elevator by changing their car shape while preserving the complete advanced functions. The installation type can be outdoor close type or indoor open type depending on mounted site. Machine roomless design is available when arrangement planning, so that it is applicable for both new-type well in new building and old-type well or reconstructed well in old building.

The car shape of observation elevator can be selected depending on the appearance of the building, the common shapes are rectangle, diamond, circular, etc., special shape for showing individuality is available on customer's request.

伟达观点 WELLIFT'S Viewpoint

观光电梯是一种非标准化的产品，是建筑物个性的独特点缀。伟达决不会为不同的工程安装上完全一样的观光电梯。量身定制、营造个性独特的完美建筑是我们共同的理想和责任。

Observation elevator is a non-standard product, it is the expression of building individuality. WELLIFT would not install the same observation elevator for different projects. Making perfect unique-individuality buildings is our ideal and responsibility.
